### FIRE HYDRANT USE PERMIT

The Town of Erie Department of Public Works does hereby grant the applicant permission to withdraw water, from fire hydrants, for use on projects in Town limits. This permit is based solely on the current availability of water. ***Per the current Town of Erie fee schedule, the applicant shall be billed for water usage on a monthly basis.*** This permit is conditional upon the applicant conforming to the following regulations, and any violations thereof shall be cause for permit to be void, and/or subject the holder to the penalties provided for by the current Town of Erie Water Ordinance.

### TERMS OF THIS PERMIT

- Applicant is required to call in the hydrant meter read/usage the last week of each month
- Applicant will be responsible for any damage to the fire hydrant distribution lines or hydrant resulting from misuse
- Proper precautions are required i.e. air gap separation or backflow prevention device to prevent any possible contamination of the Town of Erie's water system

### HYDRANT METER FEE SCHEDULE

- A \$1000.00 deposit is required for each hydrant meter. Deposit will be returned in full less final water use amount and any damages resulting from misuse.
- A \$250.00 charge will be assessed if either security seal damaged while in applicant possession
- A minimum fee of 100 gallons per month if no water is used.
- A \$100.00 fee will be assessed if an accurate read is not called in by the last day of the month
- Additional charges will be assessed for any damages that accrued while in applicant possession

All water will be charged at the commercial rate established by the latest adopted Town of Erie Water Ordinance.

**I (representative/applicant) have read and agree to all terms of this permit**
